

SPECIFICATIONS

MS 70

Is a one-component, solvent-free, neutral-cure Silane based sealant which does not emit unpleasant odors, available in the form of a thixotropic paste. It is easy to apply on vertical and horizontal surfaces and cures at room temperature through the humidity present in the air to form a flexible sealant. Seals are extremely stable over time, even when exposed to different weather condition, industrial environments, and temperature changes. The product remains flexible between -40°C and +150°C.

TECHNICAL DATA

Product identity

Consistency: thixotropic paste

Color: Grey

Density (kg/m³): 1550

Viscosity (mPa.s): 500,000

Dry solids content (%): 100
