

SPECIFICATIONS

AC 500

Is an acrylic adhesive in water dispersion easily applicable, white paste for application in a single coating.

- AC 500 is not inflammable and contains no toxic substances.
- AC 500 has good initial tack and after approx. ten minutes is ready to receive all types of non-moisture sensitive resilient and woven floor and wall coverings, provided the support is somewhat absorbent.
- Open time is approx. 20-30 minutes at +23°C.
- After drying the AC 500 film is flexible with extremely high cohesion and bonding.

TECHNICAL DATA

Product identity

Consistency: pasty

Color: Beige

Bulk density (kg/m³): 1400

Viscosity: 120,000 (Rpm 5, Spindle 7)

Dry solids content (%): 70
